

HiFi-TUNING FUSES

"SUPREME" • "SILVERSTAR" • "GOLD-PLATED"

RETAIL PRICE SCHEDULE EFFECTIVE: FEBRUARY 1, 2011

HiFi-TUNING IS THE GOLD STANDARD FOR HIGH END FUSES.
A STEREOPHILE "RECOMMENDED COMPONENT."

Choose from 3 options:

- New "**Supreme**" 99% silver impregnated with 1% gold and special resonance and quantum treatments.
- all silver "**SilverStar**" version with pure silver wiring.
- Original "**Gold-Plated**" with pure silver wiring.

All options feature:

- ceramic casing, rather than glass, for better resonance characteristics.
- cryogenically - treated for maximum clarity.
- hand made and tested in Germany

ALL COMMON FUSE VALUES ARE AVAILABLE IN FAST AND SLOW BLOW TYPES. SEE ACTUAL VALUES BELOW. *
